## *Frontend Web Developer*

✉ sandramakis.dev@gmail.com     ☎ +2349024378647     🌐 *sandramakis.github.io*

Enthusiastic and self-motivated web developer with 2+ years of experience. Eager to be part of an entry level opportunity and bring my skill in frontend development, and visual design to every project that will be received in the future. A previous project done in the understanding of the frontend technologies with javascript30.com resulted in an improvement in personal performance by 40%.

## Experience

**Web Developer Intern**                                              *2021-2022*

- Took an online course on Sololearn to learn more about web design and management, and successfully finished the course with one of the highest score and longest streak.
- Joined interns at Side Hustle Internship for Front end where we were grouped per technology and given tasks to be fulfilled and submitted by the end of each track. This helped broaden my knowledge of version control (git and GitHub) and learned to host websites on Netlify and Vercel.
- Won the second place in the knowledge of website design competition held by SoftAmplify and received a reward.

**Freelance Web Developer**                                          *2022- present*

- Worked individually to conceptualize the website design for new changes on the company's website and successfully chosen
- Redesigned the official website of Reallygreatsite for improvement and expansion purpose, which produced a very satisfying result with an improvement on its performance by 30%
- Led a team of three in the Beerkathon Open source Challenge for Women-in-Tech where we built a a Company workers' profile for rationing meal to workers through their work profile.
- Assisted the creative team to create a visually appealing and functional website with HTML, CSS and Vanilla JavaScript.
- Designed a website for a forex trading by applying the skill received from years of experience as a web developer, which resulted in the improvement of the website performance and web traffic by 45%.

## Education

**High School**                                                      *2012-2018*

**University of Nigeria, Nsukka**                                     *2018-2023*
